

**Dr. Marjan Jariani** is a staff anesthesiologist at Toronto General Hospital. She is especially interested in the complexities involved with cardiac anesthesia, including perioperative transesophageal echocardiography and the perioperative care of adult patients with congenital heart disease. She was the recipient of the 2012-2013 UHN-MSH Undergraduate Teaching Award and the 2013-2014 Dr. John Desmond Award for Excellence in Undergraduate Teaching.
